

Schedule for Iceland 26/27 season

Under follows the preliminary plan for the coming season. We have included a lot of suggestions for the clubs to travel to. Since the coming season have a lot of senior tournaments from ETTU and NETU (they follow a bi-annual schedule), and our budget is the same as last season, we will naturally have to move funds from some things to be able to go to these events. There can also be some changes to the plan during the season. For the senior tournaments in Belgium, Finland and Norway, players that want to participate in this tournament have to contact BTI as early as possible, and no later than 6 weeks prior to the tournament in order to be registered before the deadline. For two of these tournaments national coach will also go with the team. Since the time for the Norwegian tournament is not 100% clear as of now we are waiting finally confirmation before we decide which ones we go to. For NETU and EYC the players will be selected after the training camp in May.
